

Olympic WEST: Field Science Investigations For Your School Yard

Inquiry Based Science Training for Washington State Teachers

Interested in connecting your students with hands on field science opportunities in and around your school yard? This workshop gives us a chance to develop our skills in Olympic National Park and take them back to the classroom.

PARTICIPATE in our Olympic WEST series - Watershed and Environmental Science Training - at Olympic Park Institute. During this training session, teachers study field science and inquiry-based learning methods that they can bring back to their classrooms.

ENJOY Olympic National Park in the first day of Spring to witness the Calypso Orchid rising from the earth .

EXPLORE old-growth forests on Barnes Point and the surrounding waters of Lake Crescent and Marymere Falls

RELAX while you are here and return to your classroom refreshed and rejuvenated with the confidence to teach outside with your students.

Dates: 5:00 pm Friday March 19th through
1:30 pm Sunday March 21st, 2010

Tuition: \$45 per teacher (meals and lodging included)
Thanks to the generosity of our supporters, your tuition has been subsidized significantly!

Participants: Washington State Teachers

Clock Hours: 14 hours available, at an additional \$2.50/hr

Olympic Park Institute, a campus of NatureBridge, is a nonprofit environmental education organization, dedicated to connecting kids to nature through science.

Our campus is situated on the south shore of Lake Crescent within Olympic National Park, three hours from Seattle and twenty miles west of Port Angeles on Highway 101.

Your cozy cabin is a short walk from the lake. Hearty meals are served in historic Rosemary Inn, where we can accommodate vegetarian and other special dietary needs.
