

# Olympic WEST: Collect base line data on Elwha River conditions before the historic dam removal!

## *A Summer Science Retreat for Washington State Teachers and Their Families*

Need a relaxing way to connect with your family and your colleagues while receiving clock hours?  
We have space available in our upcoming field science retreat during our summer season.

LEARN inquiry-based learning methods to better understand the most important restoration project in Washington State.

PRACTICE student-centered techniques while exploring above and below the Elwha River dams.

BECOME a student and collect scientific data above and below the Elwha River dams

INVESTIGATE river conditions during the “Last Dam Summer” before dam removal and restoration begins in 2011

**Dates:** 5:00 pm Wednesday, July 21st through  
4:00 pm Friday, July 23rd, 2010

Olympic Park Institute, a campus of NatureBridge, is a nonprofit environmental education organization, dedicated to connecting kids to nature through science.

Our campus is situated on the south shore of Lake Crescent within Olympic National Park, three hours from Seattle and twenty miles west of Port Angeles on Highway 101.

Your cozy cabin is a short walk from the lake. Hearty meals are served in historic Rosemary Inn, where we can accommodate vegetarian and other special dietary needs.
